HIMOLLA INTERNATIONAL – CHANGE YOUR POINT OF VIEW

live
let yourself fall
learn to watch snakes
plant impossible gardens
invite someone dangerous to tea
make small gestures
making friends with
freedom and uncertainty
look forward to dreams
cry at movies
swing as high as you can
do things out of love
take a lot of naps
pass the money
do it now
believe in magic
laugh more
take kids seriously
bathe in the moonlight
read every day
imagine you are under a spell
listen to old people
be happy
let go of your fear
entertain your inner child
hug trees
write love letters

A WONDERFUL SOFA AND FAVOURITE ARMCHAIR SIMPLY MAKE YOUR LIFE BETTER

For himolla, as a German based company, creating sofas for living, feeling, sleeping, lounging, breathing and reflecting, is simply a matter close to our heart. We create favourite places where you can relax both physically and mentally.

What began more than seventy years ago in a tiny workshop in Taufkirchen just outside Munich has long since become one of the largest upholstered furniture manufacturer in Europe. With about 2,700 employees and representatives in more than 60 countries worldwide, himolla is playing in the major league.

himolla embodies chic design with the unmistakable and recognisable style of head designer Tamara Härtl. Our furniture is proudly handcrafted by choice and has earned a worldwide renown for top quality and reliability. They incorporate ultimate comfort and technical sophistication with innovative and unique features. Finally, our entire product range is available in a wide selection of the finest leathers and fabrics to suit your taste.

JUST BE INSPIRED ON A JOURNEY THROUGH
THE REALM OF HIMOLLA PRODUCTS.

At 2962 m above sea level, the famous Zugspitze is the mountain top in the Wetterstein mountains and also Germany's highest elevation. The Zugspitze is located in Bavaria quite close to our home Taufkirchen Vils and near our capital Munich.

INVITE
SOMEONE
DANGEROUS
TO TEA.

With BRAVA, a new mechanism has been created, consequently developed from the inside out. The emphasis is strictly placed on functionality and its versatile application across various designs. In this instance, form had to follow the well-established himolla-function.

As usual Model BRAVA comes with numerous features, functions and is available in a wide selection of colours, fabrics and combinations. There are numerous arguments in favour of the BRAVA. However, we would like to present one more. BRAVA is a modular system. This means that sofas can be combined for instance with a recliner. Corner sofa configurations are available and entire living room "landscapes" can be created for your cosy family evening.

Go for it!

DO
IT
OUT
OF
LOVE.

BRAVA 1462

The result is a truly unique piece of furniture, understated and unassuming in appearance, yet capable of transforming with the press of a single button into an exceptionally long reclining surface and heart-balance position. The lower panel seamlessly incorporates the leg support, making the functionality appear remarkably streamlined. Such a concept is a true first of a kind, leading to widespread enthusiasm and numerous accolades in the market. Strategically, BRAVA exemplifies our capacity and thrive for innovation.

NOVA

NOVA 1378
CHAIR 7190 7192

Whatever you do, do it gracefully! Like a sculpture in the room, NOVA stands gracefully on elegant legs, presenting itself as a delicate, light, “hovering” sofa range with a distinctive design statement. Yet, underneath lies innovative technology. The specially developed and patented high-tech recliner mechanism includes various manual rotation functions, allowing the sofa to easily transform into a large reclining surface. The side section becomes a leg rest, and the ottoman end reveals a practical resting surface. The backrest can be adjusted for inclination, and the headrest is flexibly attachable.

NOVA has been awarded with the coveted German Innovation Award, which underlines Himolla’s dedication to contemporary design.

NOVA 1378
S-LOUNGER 7363

PLAY WITH EVERYTHING

Optionally, an invisible and filigree leg rest, electrically operated via a built-in switch, is available. All of this is part of a customisable sofa system with a versatile range of types and configurations. Whether a sofa, recamiere, corner unit, or chaise longue, NOVA leaves nothing to be desired. The ultimate in uncompromising comfort and ergonomics. The seats glide effortlessly, with technically advanced gas springs, so the functions of NOVA remain discreetly concealed.

The design of your living space – tailored to your individual needs – NOVA 1378 is available as a customisable living ensemble or as a standalone sofa. Choose from over 25 variations. If desired, an external battery in silver or anthracite is also available.

LAUGH MORE ENTERTAIN YOUR INNER CHILD

himolla DINING Collection is designed to purpose and simply jaw dropping. himolla dining chairs and benches are one of the comfiest pieces on the market. It really does not matter, how you sit in it, these are still comfortable. Fabrics can be chosen to your personal taste. Subtle colours and materials are on offer as well as more vivid fashion. Build quality is substantial. Framework, materials, hinges, all are made to last and to never yield. himolla Dining chairs are available with two base options, both swivel, with the additional option of a return spring. The elegant table is robust, filigree, and a true eye-catcher, crafted from solid oak with a true wooden edge. It brings a touch of nature into your dining room.

himolla Dining is aesthetically designed to complement the CUMULY COMFORT models numbered 4454 and 4455. This creates a cohesive and compelling interior concept, seamlessly integrating living and dining spaces into one room. They are really something, you can relax on, which is normally predominantly true only for sofas or recliners. What an achievement.

DO IT FOR LOVE TAKE LOTS OF NAPS

himolla is the leading expert in the field of mental and physical relaxation by furniture. Specialized and well-trained experts work tirelessly on bold and fresh, stylish and appealing solutions, so everyone can find true serenity. The innovative model offers numerous features to provide the place for relaxation and peace.

The CUMULY COMFORT functional sofa is a standalone sofa optional with wall-free reclining function. The high-backrest sofa is fitted with attractive skids, which ensure the sofa visually "hovering" in the room. These supports are available in a modern brushed stainless steel or in elegant powder-coated anthracite colour. There are also sofas available with a table in between, curved sofas and a matching EASYSWING chair 7454.

CUMULY COMFORT 4454 4455
EASYSWING 7454

IMAGINE YOU ARE UNDER A SPELL

CUMULY COMFORT 4454
EASYSWING 7454

To achieve your personal experience, losing time and space, we strongly recommend a thorough reading of Aldous Huxley's novel *Brave New World*. In addition, sofa can also be equipped with an electric lift-up aid function. The curved model has a fold-down central backrest that converts into a table in just a few easy steps. An external rechargeable battery, either in silver or anthracite, can be integrated into the upholstered set. To top it off, the sofa comes in 2 seat heights and 2 gradations of seating comfort. An optimal addition to CUMULY COMFORT sofa is the matching EASYSWING armchair. Furthermore a wall-free version of the sofa set is available which can be ordered under model number 4455.

HIGHWAY TO ...
PEACE AND QUIET

Come to rest, listen to the sound of silence, feel the rhythm of the heart, enjoy life. The wallfree reclining sofa himolla 4051 embodies outstanding seating comfort with numerous functions and high-quality materials. It can be adjusted electrically via a toggle switch on the side of the seat or manually into the reclining position. The headrest can also be adjusted electrically on request. In addition, the backrest, leg rest and headrest can be adjusted independently from each other. Particularly relaxing is the heart balance, where you recline the backrest and move the legs until they are at heart level. In addition, you can optionally adjust the seat tilt.

CUMULY COMFORT 4050

CUMULY COMFORT 4050
EASYSWING 7051

To achieve your personal experience to loose time and space, we strongly recommend a thorough reading of Aldous Huxley's novel Brave New World. In addition, CUMULY COMFORT 4050 can also be equipped with an electric lift-up aid function. The curved model has a fold-down central backrest that converts into a table in just a few easy steps. An external rechargeable battery, either in silver or anthracite, can be integrated into the upholstered set. To top it off, the sofa comes in 2 seat heights and 2 gradations of seating comfort. An optimal addition to CUMULY COMFORT sofa is the matching Easy-Swing armchair. Furthermore a wall-free version of the sofa set is available which can be ordered under model number 4051.

CUMULY COMFORT

EASYSWING

EASYSWING 7051

The recliners in the himolla EASYSWING line up impresses with their harmonious look. In particular, the narrow, upholstered side panels add a striking note to their appearance. The armchairs are available in five sizes (S-M-L-XL or as a heavy-duty armchair with electric lift-up aid up to 160 kg). Customers can choose between various degrees of seat comfort and with six possible base types, so that furniture can be tailored to suit your individual requirements. Furthermore it can be chosen between manual adjustment or electric powered for the functions and features. A lift-up aid can be integrated into the armchair as an option. The electric powered versions are equipped with a magnetic mounted hand control. EASY SWING relax armchair can be equipped with an external battery, either in anthracite or in silver.

AS HIGH AS YOU CAN

Featuring a seat width of 48 centimetres, this comfortable armchair is available in many seat heights and depths. The XXL version for instance is 57 cm wide. The plate or star base also allows the seat to rotate freely at 360 degrees. The soft poly-foam pad ensures a particularly soft sitting experience. Thanks to the integrated and adjustable leg rest, the lounging sensation is just about perfect. Inclination of the headrest can also be adjusted to your wish. Additional features such as seat and backrest heating or massage functions provide a nearly exclusive comfort.

RESOURCES

Reducing the environmental impact and improving our resourcefulness with EMAS. The EU Eco-Management and Audit Scheme (EMAS) is a premium management tool developed by the European Commission for companies and other organizations to assess, report and improve their environmental performance. EMAS ensures that all environmental concerns, from energy consumption to waste disposal and emissions, are implemented transparently and consistently. Since 1998, himolla has been an EMAS validated company.

SUSTAINABILITY

Protecting the environment and using resources wisely has always been a matter of importance for himolla: water-based adhesives, no emission of toxic substances, recycling of wood, foam and plastic waste, the use of locally harvested FSC-certified wood and solar energy are just a few examples of our environmentally friendly production process. For this reason, since 2011, himolla has been awarded the renowned German "Blue Angel" as well as the European Union's "EMAS Award".

Healthy furniture for healthy people!

The "Blue Angel" certifies that all components such as foams, leather and fabrics used in our products are environmentally compatible and sustainable. In its assessment, the "Blue Angel" looks at the entire life cycle of each product and identifies all important environmentally relevant areas, such as the use of FSC-certified wood, the consideration of recycled materials, the suitability for reuse after a life cycle.

The Blue Angel is not easy to achieve and is a government award created to protect people and the environment. When you buy products that have been awarded the Blue Angel, you have a guarantee that they meet high standards in terms of their environmental, health and performance characteristics.

HIMOLLA'S TRIPLE FIVE-YEAR WARRANTY

himolla products are of superior quality and only the finest materials are used for them.

Our many years of experience have seen us provide a fantastic service promise that goes far beyond our legal obligations. Experience, an expert handling of the materials used, exceptional product quality and regular inspections all form a reliable basis for this.

You will receive the triple himolla five-year guarantee on:

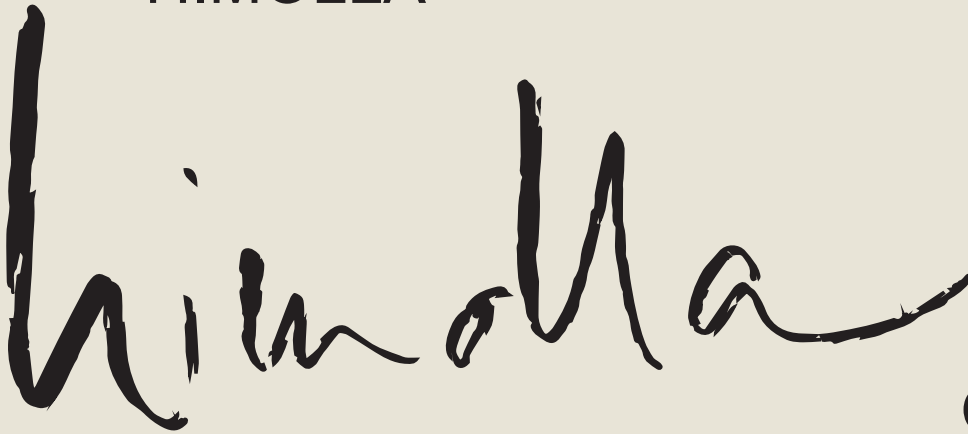

- many cover fabrics and all long-life leathers
- the padding and foams
- frames and non-moving, load-bearing parts

FIVE-YEAR
GUARANTEE

A wonderful sofa and your favourite armchair simply make life better. For himolla, as a company based in Germany, sofas you can live, feel, sleep, lounge around and reflect on are truly close to our heart. We create favourite places where you can physically and mentally relax.

GREAT DESIGN FROM HIMOLLA

What started out as a small factory in Taufkirchen has long since become one of Europe's largest upholstered furniture manufacturers, operating on an international level. himolla has been producing high-quality seating furniture with passion, expertise and the belief that we are supporting our region for seventy years. himolla stands for chic design with the striking and instantly recognisable style of chief designer, Tamara Härty. himolla also stands for ultimate comfort and technical refinement, from our functional armrests to our motorised high-tech fittings. We also offer an enormous range of planning options and exquisite upholstery materials.

The logo for himolla is written in a large, bold, black cursive script. The letters are thick and fluid, with a modern, slightly abstract feel. The 'h' is particularly large and prominent, starting with a long vertical stroke that curves into the first hump of the letter. The 'i' and 'o' are also quite large and have a similar rounded, flowing quality. The 'l' is tall and thin, and the 'a' is wide and rounded. The overall impression is one of elegance and craftsmanship.

QUALITY FROM BAVARIA

Quality; no compromises! We only use finest materials and comply with all legal requirements and more such as and guidelines from the "German Quality Assurance Association for Furniture (Deutsche Gütegemeinschaft Möbel e.V.)". We set ourselves to the highest quality and durability standards to guarantee products, so that you can enjoy your himolla products for many years to come.

Our own himolla test laboratory is a real "torture chamber". The way that our members of staff treat the upholstered furniture and materials during their tests makes this comparison more than fitting. Abrasion tests, crushing tests, strength tests and more need to undergo and pass. These rigorous tests are the only way to test the quality and longevity of the materials that we use for the production of our products, resulting in our special "triple himolla five-year" guarantee.

UPHOLSTERY

Each fabric must prove its endurance during regular abrasion tests. Each leather is tested for its durability with intensive attrition tests. The cover materials are tested in line with the strict requirements of the RAL-GZ 430 (DGM quality conditions).

SEAT PADDING

Our seat padding is subjected to endurance tests. It is compressed with a 75 kg weight up to 80,000 times to guarantee fitness for purpose.

FITTINGS

Our fittings are also tested under a continuous load. 20,000 load cycles are carried out using himolla dummies, weighing 130 kg.

FRAMES AND NON-MOVING, LOAD-BEARING PARTS

The strength test sees weights of up to 160 kg dropped onto the upholstered furniture for 30,000 cycles.

CERTIFICATIONS, SEALS OF APPROVAL AND QUALITY SEALS

You can rely on the quality of himolla upholstered furniture:

- optimum seating comfort
- ergonomic comfort for your back
- solid, handcrafted manufacturing
- high quality standards

fresh

The 1808 model brings a fresh breeze to any interior. This model has a folding backrest that converts into headrests in no time at all. Thanks to the filigree base, this model looks particularly light, almost floating. Finally, this relax sofa impresses with its multi functionality, such as the practical manual seat depth adjustment, with which the seat depth can be extended by up to 26 centimetres, or the electrically operated leg rest. The motorised adjustment is controlled via a toggle switch on the side of the seat. On request, the comfort sofa can be equipped with an external rechargeable battery for even more user comfort. Several seating plan options are available, a single-seat "lounger", a sofa or a customisable living landscape, or anything in between.

SOFA PROMOTION 1809 WITH WOOD APPLICATION
 SOFA PROMOTION 1808

Under model number 1809 you will find this beauty with chic wood applications on the side wall. As so often the case with himolla, the cover or robe can be individually adapted to your interior design and personal style. For example, more than 600 different fabrics and 200 types of leather are available in many different colours and qualities.

A woman with long, straight brown hair is shown in profile, sitting on a plush red sofa. She is wearing a light-colored, possibly white, top. The background is a soft, out-of-focus grey. The overall mood is calm and contemplative.

LOOK

FORWARD

TO

DREAMS

The recliner S-LOUNGER range represents all key himolla expertise: it is extremely slender and elegant, the slim back shell was developed testing the limits in cooperation with our own foaming department. A unique characteristic in the furniture industry. With the perfect combination of minimalistic design and carefully thought-out functionality, the S-LOUNGER 7911 recliner by himolla has already won multiple awards, such as ICONIC AWARD or GERMAN INNOVATION AWARD. Named winner in the category of innovative furnishings, the armchair combines sophisticated relax functions with a very light design. This sophisticated combination of form and function was made possible by himolla test laboratory, because fittings and parts were put through their paces and last but not least were developed from scratch.

There is a lot to choose from. This perfectly shaped recliner is available in three sizes S, M or L, different seat depths (52, 54, 56 cm) and seat heights (44, 46, 50 cm) versions available. This variety reflects your very own personal understanding of well-being. Comprehensive seating comforts rounded off by the adjustable headrest available electrically powered as well. The recliner S-LOUNGER 7911 has a special comfort-fitting which allows an individual inclined positioning.

The S-LOUNGER 7911 is available in several technical options: with one, two or even three motors. The three motors powered variant, two comfort features, heart balance and lift-up aid are available as an option. Side-mounted hand control is equipped with a practical magnet. If desired, the electrical powered adjustment also can be adjusted with a wireless remote control or an app available at the AppStore.

SIMPLY TO HIGHLIGHT
YOUR EVERYDAY.

The SIGNA 1052 sofa from himolla was awarded the prestigious BALHAZAR in the “Best International” category. It also received the coveted GERMAN DESIGN AWARD and a registered German patent. Its cuddly, hugging armrest, which even moves along when the reclining function is activated, contributes significantly to the model’s recognition value, while the fold-down headrests and the ground clearance clearly characterise its appearance. In terms of function, SIGNA is absolutely comprehensive: relax function, fold-out footrests and fold-up headrests define a perfect relaxation experience. Another functional highlight of SIGNA is the manually or electrically operated seat depth adjustment. In combination with a wide recliniere, this embodies a generous seating and reclining area. The electrically operated versions of the SIGNA 1052 sofa are also available with an external battery in silver or anthracite.

THIS IS THE PLACE

SIGNA 1053

SIGNA 1053 is a true statement sofa. Look at it!

It is big, rich and shows confidence. SIGNA 1053 sofa is distinguished by its contemporary, clean-lined design and its „embracing“ side section that moves with the seating. In terms of function, SIGNA 1053 is absolutely comprehensive: relax function, foldout footrests and fold-up headrests define a perfect relaxation experience. Another functional highlight of SIGNA is the manually or electrically operated seat depth adjustment. The electrically operated versions of the SIGNA 1052 sofa are also available with an external battery in silver or anthracite.

LOOK FORWARD TO DREAMS

LOUNGER 4362 is a very unusual sofa with loads of character and authenticity. Indulge yourself and show your style.

The backrest nestles gently against the armrest and cosily envelops your body. The all-round piping emphasises the rounded flowing shape. The sofa is electrically adjustable, even the headrest. There are numerous set pieces available, including single sofas and combinations with a swivelling recliner. This rounded sofa with wooden table is a particular highlight. The high-backrest sofa is fitted with attractive skids which ensure the sofa visually “hovering” in the room. The elegant skids are available in stainless steel look and anthracite colour. Take a closer look at the armchair too, as the LOUNGER sofa and armchair are optionally available with a wooden appliqué. LOUNGER is a beacon of good taste in your living room!

LOUNGER 4362
S-LOUNGER 7362

DO NOTHING ALL DAY

S-LOUNGER Chair is a fantastic piece of furniture. It stands in the room like a sculpture. The all-round piping beautifully frames the round form perfectly. The backrest nestles around the body like a shell. The fitting was specially developed and is available in 3 sizes. The electrical functions are powered by an external battery. The armchair also includes a heart scale and an optional rising aid. To make it even more stylish, the armchair is optionally available with a wooden side panels, available in walnut, black and various oak colours.

S-LOUNGER was honoured with the coveted GERMAN DESIGN AWARD by the German Federal Government and the German design council. A real design piece and beacon of style!

S-LOUNGER 7362 7363

finest

FABRIC

World leading fabric created in GERMANY

Using advanced synthetic fibre technology with unbeatable performance and maintenance, Q2 achieves outstanding resistance to abrasion, staining and colour loss. Link this to the extensive range of beautiful textures, daring designs, superb colour pallet, exemplary environment performance, and a 5 year unconditional warranty then Q2 fabric becomes a wonderful durable alternative to leather for your himolla chair or sofa. Rohleder, a new world of fabric quality, creativity and performance.

With a range of over 600 fabrics, himolla offers all the possibilities to dress your sofa and design your interior individually interior design.

WOOD

In a world of man-made substitutes, natural wood is the only material that transforms a product from merely functional into truly beautiful.

Premium European beech is used throughout with the timber being fully seasoned and kiln dried. It is then shaped and finished ready for staining and lacquering by our skilled craftsmen.

Our stains and lacquers are all water based and non polluting ensuring that this element of manufacturing meets the same exacting eco-friendly standards we apply to all our production. The result is a beautiful, natural product that will give many years of pleasure and satisfaction.

LEATHER

We only use finest leathers for our products.

Most of them are categorized as LONGLIFE as they receive a unique protective layer during the tanning process that allows for easy cleaning and maintenance.

Many of the leather categories offer both “soft” and “rustic” options, reflecting the thickness of the leather and the finish. “Soft” is supple and luxurious, while “Rustic” is thicker, heavier and more granular, but still feels wonderfully tactile and soft, giving the finished product a slightly firmer character. In any case, all leathers are of excellent quality and workmanship. With different categories and over 200 colours, the consumer is truly “spoilt” in choice!

IMAGINE YOU ARE UNDER A SPELL

CUMUREX 6902 SOFA | CUMUREX 7916 ARMCHAIR

Model CUMUREX 6902 fascinates not only with its ultra-modern design, but especially with its technical sophistication. Probably the greatest achievement of this is the wonderful combination of a reclining function with a lift-up aid, which is hidden! This invisible function blends in into the overall appearance of the sofa suite. Thanks to the CUMUREX function, the relax position can be easily adjusted, whether electrically powered at the touch of a button or manually. Smooth and self-explanatory operation of the functions are characteristic unique features of himolla furniture. The fold-out headrests, stowable in the back when not in use, offer special visual highlights. In addition, the angle of inclination can be adjusted as required. Perfectly adapted to your very needs, the model is available in 3 different comfort levels and 3 seat heights. With this design innovation, new customer groups are addressed - younger, more style- and fashion-conscious people who do not want to compromise on healthy sitting, exclusive comfort and first-class design.

BELIEVE IN MAGIC

The CUMUREX 7916 armchair is a petit, comfortable single chair that can be combined with any model in our line up. Whether for sleeping, reading, watching television or simply relaxing: if you are looking for an appealing design with a high level of seating comfort, you are definitely making the right choice with the 7916 and 6902 recliner from himolla.

Wide selection of high-quality covers are offered as well. Thanks to our extensive range of fabrics and leathers in many different colours, 7916 can be tailored perfectly to your personal taste and to the style in your living room. The swivel cross on your single chair is designed either in anthracite or with a stainless steel finish. Functional yet user-friendly the luxury 360° swivel armchair leaves nothing to be desired when it comes to functionality. You benefit from an integrated leg rest and a - manually or electrically - adjustable backrest, amongst other things. The headrest is concealed in the backrest and can be folded out as required.

SPECTRA

SPEKTRA 1178

SPEKTRA 1178 embodies configurable elegance. The backrest unfolds like a butterfly, transforming into an even more comfortable high-back Sofa. This provides even greater seating depth and, accordingly, more leg support.

The wide range of high-quality upholstery and different base designs mean that SPEKTRA 1178 can be perfectly matched to the metal base, available in stainless steel and anthracite finishes. SPEKTRA 1178 comes in two heights and three seat hardnesses to suit your height and weight.

Our new range of sofas combines comfort and technology to perfection, with a host of features such as an electrically or manually adjustable cardio position, SLEEPOLY bed. Individuality in perfect harmony with your living space!

CRY AT MOVIES

CINEMASOFA SPEKTRA 1178

CINEMASOFA SPEKTRA 1178 is really something. This sofa is developed and designed strictly to purpose. Basically any combination is possible. Any number pieces can be mounted together and a “indefinite” cinema seating is available. Tables in between as well as optional heart-balance functions enhances your personal cinema experience.

There are numerous arguments in favour of the SPEKTRA 1178. However, we would like to present one more. SPEKTRA 1178 is a modular system. This means that sofas can be combined for instance with a recamier. Corner sofa configurations are available and entire living room “landscapes” can be created for your cosy family evening.

love himolla

SPEKTRA 1485
CUMUREX CHAIR 7485

BATHE IN THE MOONLIGHT

The SPEKTRA 1485 is a composition of outstanding craftsmanship, timeless and sleek design, premium materials, and a variety of options that leave little to be desired. It can be configured more or less without limits. Functions and combinations can be tailored precisely to meet any physical needs or personal taste, as well as the dimensions of your living space, turning each sofa into a personalised solution that sets new standards for customisation. Our new range of sofas combines comfort and technology to perfection, with a host of features such as an electrically or manually adjustable cardio position, SLEEPOLY bed, additional removable headrests and much more. Additionally, SPEKTRA 1485 features a beautiful footing and a continuous piped seam, making this range a design classic with customisable versatility.

A SMASH HIT

Not without reason is the model 1926 himolla's bestseller. In addition to its timeless and classic design that blends seamlessly into the décor of any living room, this model guarantees a particularly effective relaxation experience thanks to its heart balance function. In this position, the legs and heart are brought horizontally onto the same level. This noticeably relieves the circulation and the heart muscle exerts less effort. A multitude of other functions, such as the adjustment of the seat inclination, wall-free function or adaptable headrests, transform the living room at home bit by bit into a feel-good relax spa. Sitting on this couch literally becomes surfing the waves of Zen!

Not to mention its comprehensive variety with over 60 possible combinations! This makes the 1926 a must have for individualists. Stay loose!

love himolla
